Note: Data are for persons age 25 and over. Earnings are for full-time wage and salary workers. These education categories reflect only the highest level of education attained. They do not take into account completion of training programs in the form of apprenticeships and other on-the-job training, which may also influence earnings and unemployment rates. Planning for College

There are lots of things to *think* about and many questions you need to *ask*.

- **Can I afford college?**
- **How much will it cost?**
- **What is financial aid?**
- **What is a FAFSA?**
- **When and how do I apply?**
- **Where can I get help?**

Ask questions...

What is Financial Aid?

- It is ***borrowed, given, or earned*** money that can be obtained from various sources to help pay for college
- Financial aid makes college affordable for you
- It is intended to make up the difference between what your family can afford to pay and what college costs.

**If you think you can't afford college, think again.
There's lots of aid out there.**

Types of Financial Aid

- There are many types of financial aid
- Funds may be merit-based, need-based, or non need-based

Federal Work-Study

- It is a need-based employment program that provides on- and off-campus jobs to students.

A completed FAFSA is required

It is a campus-based financial aid program; funds are limited and available only at participating postsecondary institutions

Priority deadlines may apply

Compensation is at least the current federal minimum wage

A student must earn these funds

Sources of Financial Aid

- Financial aid comes from a variety of sources

Government

 - During grace periods
 - During deferment

Direct Unsubsidized Loan
